

**Damn it's hot, So hot today
Sweat dripping down into my eyes
I just gotta say, Damn it's hot**

**Damn it's hot, hotter than I thought
Don't really know what the temperature is
But know that it's a lot, Damn it's hot**

**Damn it's hot, I got those damn hot blues
Weatherman points to a map of my state
Buddy here's your weather news, Damn it's hot**

(Instrumental break)

**Damn it's hot, Really, really, really, really
Hotter than the check I just wrote to you
Hotter than the Devil's own chili, Damn it's hot**

**Damn it's hot, Wearing nothin' but a smile
Standing by an open refrigerator door,
Ain't going nowhere for a while, Damn it's hot**

**Damn it's hot, Frickin' hot today,
Little baby speaking his very first words,
Here's what little baby say, Damn it's hot**
