

Every time I see your face I just gotta smile  
You and I have had our thing goin' for a while  
I think of you in a peasant blouse and bell-bottom jeans  
I think about your long brown hair, flowing in the breeze

Hey, hey hippie chick, you're all right with me  
Hey, hey hippie chick, take a walk with me  
Hey, hey hippie chick, you're all that I can see  
When I close my eyes to the rest of the world

I was just a country boy when I first set eyes on you  
You told me that you liked my smile, I said I liked yours, too  
I think about the first time, that I held your hand  
You were in a tie-died dress, dancing to the band

Hey, hey hippie chick, you're all right with me  
Hey, hey hippie chick, take a walk with me  
Hey, hey hippie chick, you're all that I can see  
When I close my eyes to the rest of the world

I remember my first walk with you, I played you some guitar  
We sang the songs of restless youth, underneath the stars  
We made love in an open field, for all the world to see  
I realized on that first day, you are the one for me

Hey, hey hippie chick, you're all right with me  
Hey, hey hippie chick, take a walk with me  
Hey, hey hippie chick, you're all that I can see  
When I close my eyes to the rest of the world
