

Too long I've been waiting for my train to come in - (chorus)

Too long I've been waiting for you

So strong is this feeling overwhelming me

So strong is my feeling of blue

I waited for you, at the all night restaurant

I guess it's true, that I don't know what you want

Cut my hair and I shined up both of my shoes

I'm sitting here with nothing; I guess I got nothing to lose

CHORUS

I tried to be, the man I thought you wanted me to be

I thought you'd see, the man you really wanted was me

I'm waiting in the station for the train to come down that track

I see my reflection but I don't want any eye contact

(INSTRUMENTAL)

I know this train's not the answer I'm looking for

But this old town's got nothing for me anymore

Don't worry about me, I know I'm gonna be just fine

And I'll try again, just a little further down the line

CHORUS
